

Child and Youth Mental Health Hospital Liaison

Specific Duties:

- Intakes referrals from local hospitals, and where appropriate, provides assessment, treatment, consultation, case management, and follow-up of children and youth referred by the hospitals.
- Attends Hospital Liaison meetings at the South Fraser Adolescent Psychiatric Unit and determines appropriate referrals to CYMH.
- Gathers and brings information regarding referrals from hospitals to CYMH team meetings.
- Attends discharge-planning meetings at hospitals for children/youth referred to CYMH.
- Consults with hospital staff about appropriate resources in the community.
- Provides treatment and case management services to children and youth referred by hospitals. As hospital based referrals are priority services are offered as soon as possible.
- Meets with clients while inpatient to ensure smooth transition to community.
- Facilitates referrals to other CYMH therapists as appropriate.
